Dear Customer,

We are really pleased to present you our new WEDO® catalogue 2012. The clearly structured theme worlds greatly facilitate your orientation.

We offer our customers an optimal sales support amongst others as well our presentation and sales walls and illuminated acrylic showcase. When placing our sales walls and arranging our products into theme worlds the orientation of the final consumer in the shop will be improved considerably and this with an optimized sales area. The illuminated acrylic showcase is a real highlight for each shop. The mirrored back wall and LED light strip assure an optimal illumination of the sales cabinet.

The WEDO® sales team looks forward to assist you with a qualified service and professional advise.

Yours

Andreas Schwarz

Andreas Schwarz
General Manager

PS.: On our website www.wedo.de the WEDO® catalogue 2012 will also be available as an interactive electronic edition.

Laser Presenter

These laser pointers with integrated remote control provides you with an optimum freedom of movement while doing your computer presentation. With 2 buttons you comfortably can control your Power Point presentation or slide show (scroll backwards and forwards) respectively you can move easily through extensive Excel-, Word- or PDF files.

With an output power of $< 1 \text{ mW}$ the laser presenters comply with the safety requirements of a laser class 2 and are certified as per EN 60825-1:2008.

Green Beam Laser Pointer with RF Presenter

The new RF presenter transmits in the 2,4 GHz-frequency range and is fitted with a nano USB receiver which due to its small size is stored inside the presenter casing. Three sensor keys ensure a comfortable handling and the on/off switch helps to save battery power. The USB receiver is automatically detected from the computer (USB 1.1/ USB 2.0) and no driver is required for all Windows-operating systems, Linux and MAC OS. The range of the remote control extends to approx. 10 meters.

The green laser pointer is specifically suited for daylight presentations since the green beam is 20 times brighter than a red beam. The laser has a range up to approx. 200 meters.

Delivery includes 2 x 1,5 V AAA micro batteries.

Prod. Code: 236 6900 light plastic casing in black
Dimensions: 14,0 x 2,5 x 1,5 cm

Red Beam Laser Pointer with RF Presenter

This presenter features following details:

- 2 buttons to scroll backwards/forwards
- plug & play RF receiver for USB ports (1.1/2.0)
- remote control range is approx. 15 m
- compatible with all current Windows and MAC operating systems
- supplied with 1 x 12 V battery and packed in travel case

Prod. Code: 236 6000 silver finish

Green Beam Laser Pointer

Best tool for high brightness LCD screens, big display presentations and outdoor use.

High visibility (twenty times better than red laser beam).

Durable anodised aluminium body. Requires 2 x 1,5 V AAA Micro batteries (supplied).

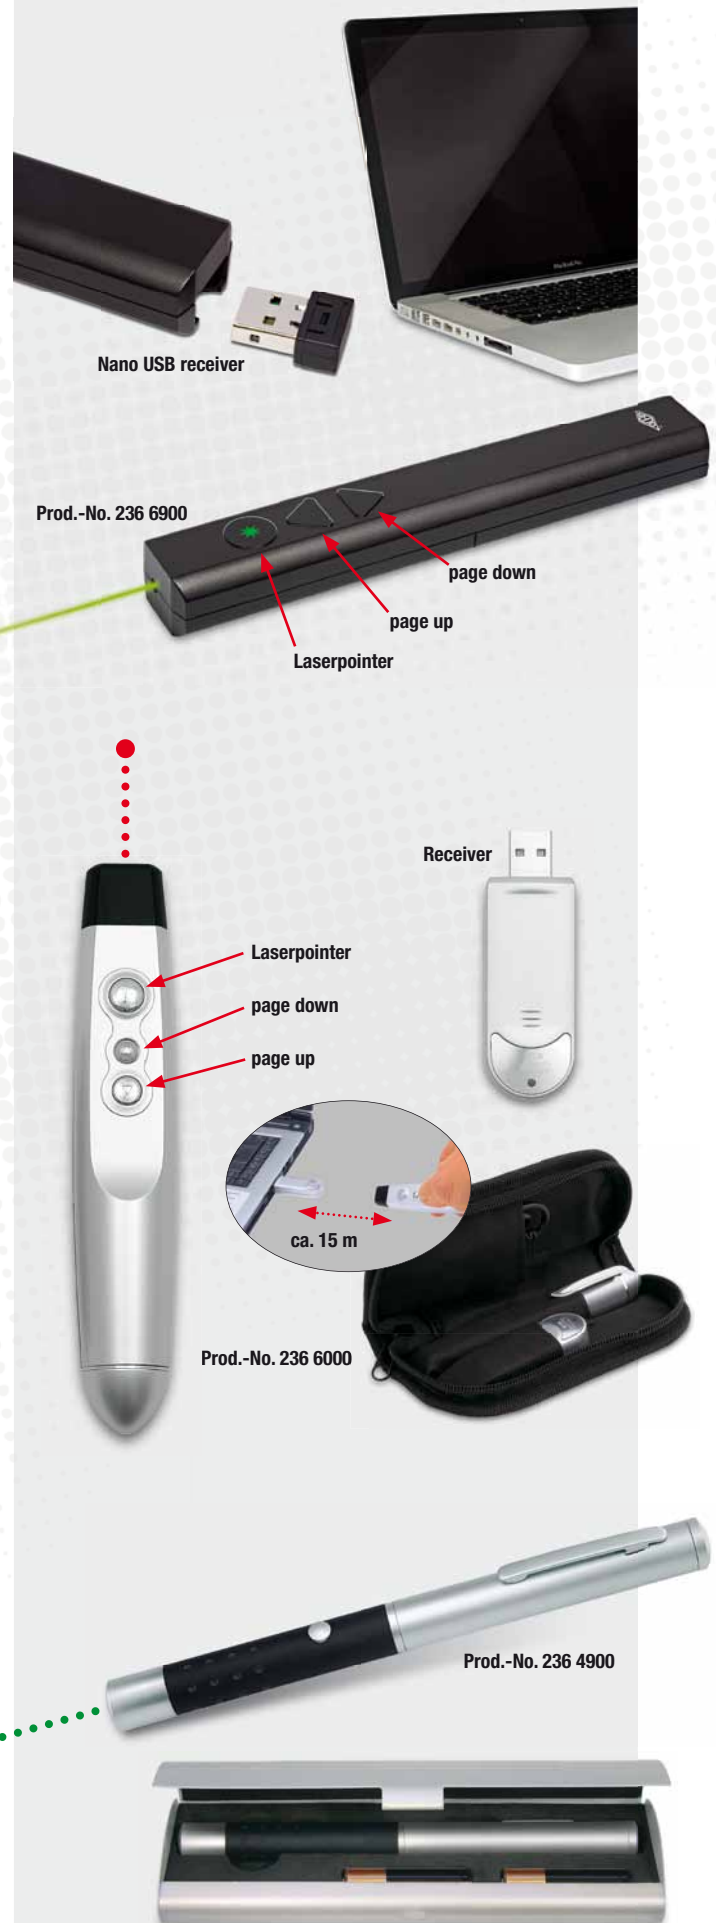

The green laser pointer features a soft rubber grip zone.

The capacity is several 100 m.

Complies with the protection requirements of laser class 2 ($< 1 \text{ mW}$).

Certified in accordance with EN 60825-1:2008.

Prod. Code: 236 4900 black/silver finish

Red Beam Laser Pointer

Rigid metal housing. Complies with the protection requirements of laser class 2 and are certified as per EN 60825-1:2008. Min. range: 50 m, incl. batteries, in a box.

Standard model – dot projection

Black housing.
Supplied with 2 x 1,5 V AAA batteries

Prod. Code: 236 2001

Telescopic model 3 in 1 – dot projection

Extendable to 49 cm use as Pointer Pen. Features also ball-pen. Supplied with 3 button cells LR41.

Prod. Code: 236 2500

Arrow Laser Pointer – dot and arrow projection

To change from dot to arrow, just twist the lens device. Supplied with 2 x 1,5 V AAA Micro batteries

Prod. Code: 236 4700

Multi-Laser Pointer – dot • arrow • finger • circle or low line

To reach the required beam just twist the lens device accordingly. Supplied with 2 x 1,5 V AAA Micro batteries.

Prod. Code: 236 4800

Laser Pointer model 4 in 1

– red dot, ball-pen, PDA pen, LED-lamp
Supplied with 4 button cells LR41.

Prod. Code: 236 3004

Telescopic Pointer Pens

Extendable to 90 cm length

With Clip and standard D1 refill. Length 14,7 cm.

- Prod. Code:** 236 1 chromed on blister card

„Safety first“ is the motto of WEDO®'s safety cutters, which also meet the demands of the increasing requirements of workplace safety. The safety mechanism makes sure that the blade retracts automatically, as soon as there is no more contact of the material to be cut.

SAFETY CUTTER Premium and Standard

With high-quality blades manufactured from SK5 carbon steel for an excellent cutting edge durability and sharpness.

SAFETY by automatic retractable blade

Spring-loaded blade retracts automatically in the handle when the blade glides-off the material to be cut. TÜV approval.

SAFETY Cutter Premium

Special soft grip designed handle for comfortable right and left-hand use. Blade extension of 25 mm. Easy exchange of blade. The integrated magazine holds 5 spare blades (included). Supplied on blister card.

SAFETY Cutter Standard

Handle is produced from ABS plastic with a rubber side panel at the rear side. All metal blade carrier. Supplied on blister card.

Prod. Code	Blade	Size	Weight	Packed

Mini Money Box with Slot

Whether as a mini money box or as a small "treasury", this box is suitable to store the valuables of kids. Produced from strong scratch-resistant powder coated steel.

Available in a desk-top display with 6 boxes assorted colours blue and red.

Prod. Code:	Size	Packed
144 099	12,5 x 9,5 x 6,3 cm	6 in a display

Key Cabinets with Electronic Lock

The new key cabinet combines a classic lock with an electronic combination lock, which can be individually programmed at anytime (user code 3 to 8 digits). Therefore a variety of users can be given access since the code can be changed in an instant without the necessity to use additional keys.

In an emergency the key cabinet can also be opened mechanically using the included keys and the built in cylinder lock.

Manufactured from powder coated solid steel and fitted with adjustable hook rails which are numbered as per capacity of keys. The pivot-mounted index sheets help to keep a good overview. The safety lock comes with 2 numbered keys and 4 x AA batteries for the combination lock. A wall mounting kit is also included.
